SUSAN LABRASCA
Public Information Specialist

Susan has excellent people skills and has proven to be highly effective in implementing public information services for our team. She has 7 years of experience working alongside our public information managers.

She conducts neighborhood and business canvassing efforts, ongoing communication with residents and businesses, coordination with City staff and the contractor, special notification distribution, and hosting public involvement meetings.

Susan contacts impacted stakeholders such as businesses, property owners, churches, schools, hospitals, local fire and police stations, and compiles stakeholder information. She also attends project meetings and provides backup for our Public Information Managers in their absence.

Susan has a Bachelor of Science degree in Political Science from the University of Arizona.
