SUSAN MOYLE

Co-Founder / Public Information Manager

Susan is a key team member, and a skilled public information and involvement professional with over 20 years of experience providing public information and involvement services to clients throughout Arizona. Susan's extensive experience includes management of hundreds of municipal design and construction projects in Maricopa County. She has also served as a Public Information and Involvement Manager for the Flood Control District of Maricopa County, and other Arizona communities including Paradise Valley and Flagstaff, as well as general contractors, and engineering firms.

Susan brings exceptional depth of experience to our team providing public involvement services as a liaison between municipalities, businesses, the public, contractor and engineer during planning, design and construction phases of public projects. She has the ability to communicate with all levels of management, the project team, businesses, and community stakeholders to best understand their positions, issues and concerns, and to create an environment of team work and issue resolution. Having been the past vice-president of a civil engineering firm, Susan brings a technical perspective and understanding to our team with the ability to communicate complex information in simple terms to the public when needed. Susan's interpersonal skills, gracious approach to issue resolution, and experience with a broad variety of projects ensures a high level of success on all projects.

Susan has a Bachelor of Arts degree in Economics and Political Science from Claremont McKenna College.
